FOREWORD

Various Master's theses have been written by graduate students at the University of Texas at El Paso in the fields of Liberal Arts. These particular theses have been placed in a special location of the University Library, Special Collections and Archives. Those that appear on microform are duplicates of the original document and they are found in the Microform Section. From this collection a comprehensive bibliography on the Mexican-American has been prepared. It includes a complete list of Master's theses on the subject together with an author index.

The present bibliography has been designed to provide the researcher with better access to these theses. For example, MF is the designated location indicator for theses on microform which are found in the Microform Section located in the second floor of the Library. "Archives" is the location symbol for theses that are in physical form located in the Special Collections and Archives Department located on the North side of the first floor of the Library. The author index is found at the end of this list.

The collection at the University Library, although heavily used by students and faculty, is designed for the use of all who come to the Library.
